Additional Information

The Spirit

The Dominator 68S is one of the most modern and well-built motor yachts to be produced by the Italian boating industry.

The yacht offers extraordinary high quality in all its components, of which, some are easily recognizable, while others are hidden, but never missing, in the construction and technical parts which come together to produce this magnificent yacht.

Additional Information and Photos

The Design

The Dominator 68S has been designed by the Nuvolari & Lenard design studio and is an authentic masterpiece of stylish Italian design, both inside and externally. Even though the yacht is physically large, its proportions and external styling concept offer a sleek and aggressive look.

Comfort

The very high quality of GRP, isophthalic polyester and craftsmanship of the interior wood finishes demonstrates the outstanding quality of this vessel. This yacht has been built to the very highest standards with the very best quality materials.

Versatility

This yacht is designed with sophisticated systems allowing easy operation by one experienced owner or one captain. There is easy access to the flybridge and side decks, and with high power bow and stern thrusters, and stern engine control station in the aft cockpit, this yacht is an easily handled boat for mooring or berthing. Additionally, there is the hydraulic rise and fall bathing platform, allowing easy launch and retrieval of "Water Toys", be it a Jet Rib or Jet Ski. Everything is designed for pleasure and ease of use, and offers the best performance over a wide range of sea conditions.

Performance

The Dominator 68S has been carefully designed in its weight distribution, with a central and barycentric fuel tank, in order to have optimal trim at any load or sea condition. Likewise, the deep V hull also makes this yacht safe and dry in any wind condition.

Accommodation:

Number of twin berths: 1
Number of double berths: 2
Number of cabins: 3
Number of heads: 3
Number of bathrooms: 3
